

vehicle : 301		VIN: VF3DDNFPTGJ721797 / OPR : 14466	
domain	driving assistance	function	under-inflation detection
component			

principle

D3CZHK9R

item code	description	information
0004	null	/ instrument panel
7605	null	tyre under-inflation detection reinitialisation switch
7800	null	calculateur controle de stabilite
BB00	null	ancillaries battery
BFRM	null	engine fuse and relay box
BSI1	null	built-in systems interface
CA00	null	ignition switch
E265	null	crimp one information (or equipotential 265) wire
E900A	null	crimp one information (or equipotential 276A) wire
E900B	null	crimp one information (or equipotential 900B) wire
E901A	null	crimp one information (or equipotential 901A) wire
E901B	null	crimp one information (or equipotential 901B) wire
E934	null	crimp one information (or equipotential 934) wire
E935	null	crimp one information (or equipotential 935) wire
EM35B	null	crimp earth (earth point number 35B)
MC13	null	body earth point number 13
MC35	null	body earth point number 35
MM01A	null	engine earth point number 01A
